

LAFATON

AMPOULES

USAGE & PROCEDURE

1

Open the ampoules and add a few drops on the face

Use on a cleansed face and after toner

2

Use the beauty photon machine to massage and work on the areas with the ampoules in circular motion

3

Massage with fingertips until the ampoules are fully penetrated into the skin

After the ampoules, apply LA FAON Maximum Hydration Infusing Mask or cream to lock the moisture into the skin. Skin will appear much brighter and firmer right after the treatment.
